Conference Papers

NCICT-2011 had a good response in terms of paper submission in all the Conference Tracks. The submissions were received from all parts of India. However due to a limitation of space in the proceedings, limited number of papers of high quality could be accepted after rigorous review, which will be orally presented.

Interested researchers may send their extended abstracts for poster session by email to satya@silicon.ac.in on or before 13th August 2011. Acceptance of the extended abstract and format and size of the poster will be put up in conference website by 20th August 2011.

About Silicon

Established in the year 2000, Silicon Institute of Technology is the premier Engineering College of eastern India pioneering in the field of technical education. The campus is situated at the footsteps of Silicon Hills in Patia in a lush green tranquil environment. Silicon facilitates a teaching and learning process where education is revered and rewarded.

City and the Nearby Places

Bhubaneswar, the capital of Odisha, is also popularly known as the "Temple City of India". Being the seat of Tribhubaneswar or 'Lord Lingaraj', Bhubaneswar is an important Hindu pilgrimage center. Hundreds of temples dot the landscape of the Old Town, which once boasted of more than 2000 temples. Bhubaneswar is the place where temple building activities of Orissan style flowered from its very inception to its fullest culmination extending over a period of over one thousand years. The new Bhubaneswar with its modern buildings and extensive infrastructure perfectly complements its historic surroundings. With facilities to cater to every type of visitor, Bhubaneswar makes an ideal tourist destination. Some of the nearby famous tourist places are Puri, Konark, Chilika Lake, Raghurajpur, Dhauligiri, Khandagiri and Nandankanan.
